Hiccup's P.O.V:

The first day of high school, while most kids hate school I for one love it! School is a way to finally get my father to notice me whenever I do something great! He never even looks at me most of the time while I'm here, he's either passed out from drinking too much, or at a bar drinking too much. I was getting up at around 7:30 ish when my friend Toothless shows up outside my window tapping the glass. So I open the window up and Toothless drops inside, with a loud thump on the floor. \*\*He asks while he hugs, I grabbed my school bag heavy with the new books that I bought for my courses that I was taking for the first year of school. Toothless gave me a kinda look on his face and let out a sigh, I give him a weak smile then walk out the door together just talking about random stuff as we walk to school.

\*\*Jack's P.O.V: \*\*

\*\* ugh, great another school year like I need this anyways. Today was different there was going to be a new freshman joining the academy, so I wanted to make sure that I got a good look at him before he gets beat up probably. Thankfully nobody knows that I'm gay, only my dad and my friend Bunnymud. It wasn't like a real deal kinda thing with him, it was mostly a i-scratch-your-back-you-scratch-mine kinda deal with him, even though that he was Bisexual, he knew that I needed the help sometimes or when he needs help from me as well. Most of girls at school think I'm hot, but nothing turns me on, wait why am I

thinking about this in the morning? I got out of bed while still trying to get over the hang over I had yesterday at my friends brother's 19th birthday party, but I still got up, had a shower grabbed my bag and my staff went downstairs to eat said hi to my dad and walk out the door to go to school, normally I don't get out of bed until 7:50am, but this time, I got up at 7:45am to meet the newbie and a good look at him or her. Honestly it's probably going to be another female I just know it. \*\*

\*\*Normal P.O.V: \*\*

\*\* While was thinking about the new kid Hiccup wasn't that far from him, and those two didn't even notice that they will become something that no one would be expecting to happen in their lives, let alone Jack or Hiccup they will have to go through a lot of troubles, and a lot of good things to get where they will want to go and it starts with something that shouldn't have happened to either of the boys.\*\*
